Foreword to the English Edition	8
Foreword	9
Acknowledgments	12
Part One: General Overview	14
Chapter 1. Willow Systematics in Russia and Adjacent Countries:	
A Brief Historical Essay	14
1. Epoch of Linnaeus	14
2. Late 18th—first Third of 19th Century in Western Europe:	
Numerous Descriptions of New Species	15
3. Stabilization of Species Number in Western Europe:	
From Koch to Wimmer and Buser	17
4. Late 19th—the end of the 30's of 20th Century in Western Europe:	
In Search of Hybrids. Understanding Species in the Sense of Ascherson ...	19
5. In Russia and the USSR: from Trautvetter to Nazarov	21
6. Japanese School	23
7. After World War II: the USSR and Western Europe	24
Chapter 2. Material and Methods	26
1. Notion of Species that the Author Complies with	26
2. Observations in Nature	30
3. Herbarium Material	32
4. Observations of Cultivated Plants	34
5. Compilation of Species Distribution Maps	35
6. Nomenclature, Authentic Specimens, Synonymy	35
Chapter 3. Ecology and Morphology	38
1. Delimiting and General Morphological Description of the Genus <i>Salix</i>	38
2. Ecology	41
3. Morphological Characters with Respect to Individual Organs: an Overview ..	44
4. Variability and Taxonomical Values of Characters	58
5. Interspecific Hybridization	64
Chapter 4. Evolution and Phylogeny	74
1. Morphological Evolution	74
2. Phylogenetic Relations between Major Taxonomical Groups:	
A Trial Reconstruction	81
3. Distributional Types of Species	86
4. Historical Development of the Genus: Major Features	94

Part Two: Systematic Overview	99
Key to Sections	99
Subgenus <i>Salix</i>	103
Sect. 1. <i>Humboldtiana</i>	103
Sect. 2. <i>Amygdalinae</i>	104
Sect. 3. <i>Urbaniana</i>	109
Sect. 4. <i>Pentandrae</i>	110
Sect. 5. <i>Salix</i>	113
Sect. 6. <i>Subalbae</i>	119
Subgenus <i>Chamaetia</i>	123
Sect. 7. <i>Chamaetia</i>	123
Sect. 8. <i>Retusae</i>	126
Sect. 9. <i>Myrtilloides</i>	133
Sect. 10. <i>Glaucæ</i>	136
Sect. 11. <i>Myrtosalix</i>	146
Subgenus <i>Vetrix</i>	157
Sect. 12. <i>Hastatae</i>	157
Sect. 13. <i>Glabrella</i>	160
Sect. 14. <i>Nigricantes</i>	164
Sect. 15. <i>Vetrix</i>	167
Sect. 16. <i>Arbuscella</i>	188
Sect. 17. <i>Vimen</i>	203
Sect. 18. <i>Subvinales</i>	214
Sect. 19. <i>Canae</i>	214
Sect. 20. <i>Villosae</i>	215
Sect. 21. <i>Lanatae</i>	220
Sect. 22. <i>Daphnella</i>	223
Sect. 23. <i>Incubaceae</i>	229
Sect. 24. <i>Flavidae</i>	233
Sect. 25. <i>Helix</i>	234
Sect. 26. <i>Cheilophilae</i>	252
 Bibliography	 255
 Additions to Bibliography	 270
Most Important Publications on <i>Salix</i> since 1968	270
Author's Publications on <i>Salix</i> since 1968	271
 Index to Willow Taxa	 272
Genera, Subgenera, Sections, and Subsections	272
Species, Subspecies, and Varieties	272
 Willow Species Described since 1966 from the Area Treated in the Book	 278
 Index to Geographical and Local Names	 279
